Please be flexible with the bus schedule during the first few weeks of school. Be sure to arrive at least 10 minutes early to your posted stop. During this time, the CMS transportation department evaluates bus routes and makes changes as necessary to provide the best transportation possible for your child. In addition, if you've moved over the summer, please call the school for information as to how you can update your address. CMS will provide transportation to alternative stop locations, including licensed daycares, only if it is within your child's school boundary. If you have questions please do not hesitate to call us for assistance.

We look forward to an extraordinary year together, as partners in your child's education.
