			When this goal is fully met, 100% of our teachers will fully implement SEL, with fidelity, on a daily basis in all homeroom classes. Students will be assessed twice each year through the Panorama Survey, and data will show gains in student ratings. Teachers and counselors will analyze student data to determine areas of focus for SEL lessons, as well as small group and individual counseling sessions. All teachers will establish classroom norms based on student input, with revisions completed throughout the year as needed. School counselors will train staff on anti-bullying strategies and how to identify student risk behaviors. School counselors are working with our assigned Core Behavior Specialist to determine strategies to help support students with high risk behaviors.		Scott Otolski	06/15/2024
